Here are some helpful YouTube links and online resources for BCA-503: Computer Network:

UNIT-I: Basic Concepts and OSI and TCP/IP Models

1. **YouTube** - *Data Communication and Networking Concepts*
   https://www.youtube.com/watch?v=m0uV8GpPRAw
2. **YouTube** - *OSI Model Overview*
   https://www.youtube.com/watch?v=7UtGzYHMC5I
3. **YouTube** - *OSI vs TCP/IP Model*
   https://www.youtube.com/watch?v=eJ7VbRaovRU
4. **GeeksforGeeks** - *OSI Model*
   https://www.geeksforgeeks.org/osi-model/
5. **TutorialsPoint** - *TCP/IP Model*
   https://www.tutorialspoint.com/osi-and-tcp-ip-model
6. **YouTube** - *Digital Transmission and Modems*
   https://www.youtube.com/watch?v=v_LfPt5Zpvg

UNIT-II: Transmission Media

1. **YouTube** - *Transmission Media - Guided and Unguided*
   https://www.youtube.com/watch?v=BptWmAXJEdY
2. **YouTube** - *Shannon Capacity and Media Comparison*
   https://www.youtube.com/watch?v=VjT9s8oa0WY
3. **GeeksforGeeks** - *Transmission Media Types*
   https://www.geeksforgeeks.org/transmission-media/
4. **YouTube** - *Noise and Distortion in Transmission*
   https://www.youtube.com/watch?v=mgmj0p9Th6k

UNIT-III: Telephony, Multiplexing, and Error Detection

1. **YouTube** - *Multiplexing and Error Detection Techniques*
   https://www.youtube.com/watch?v=d5Yen0GVVYo
2. **YouTube** - *WDM, TDM, FDM Explained*
   https://www.youtube.com/watch?v=yw_wN1nwi_o
3. **YouTube** - *Circuit Switching, Packet Switching, and Message Switching*
   https://www.youtube.com/watch?v=aiKrj2XGTXw
4. **GeeksforGeeks** - *Data Link Control Protocols*
   https://www.geeksforgeeks.org/data-link-control-protocols/
5. **TutorialsPoint** - *PPP Protocol and ISDN Overview*
   https://www.tutorialspoint.com/isdn/index.htm

UNIT-IV: Devices and Network Layer

1. **YouTube** - *Network Devices Explained (Repeaters, Routers, Gateways, Bridges)*
   https://www.youtube.com/watch?v=2T5AcNTF01E
2. **YouTube** - *Routing Algorithms and Congestion Control*
   https://www.youtube.com/watch?v=qbi6OIz7w9I
3. **GeeksforGeeks** - *Routing Algorithms in Computer Networks*
   https://www.geeksforgeeks.org/routing-algorithms-in-computer-networks/
4. **TutorialsPoint** - *Quality of Service and Internetworking*
   https://www.tutorialspoint.com/computer_networks/computer_networks_internetworking.htm

UNIT-V: Transport and Upper Layers in OSI Model

1. **YouTube** - *Transport Layer Functions in OSI Model*
   https://www.youtube.com/watch?v=4W8tvvZ58_k
2. **YouTube** - *Session Layer, Presentation Layer, and Application Layer*
   https://www.youtube.com/watch?v=qws0UyDhFhg
3. **GeeksforGeeks** - *Transport Layer Protocols*
   https://www.geeksforgeeks.org/transport-layer/
4. **TutorialsPoint** - *OSI Transport Layer and Upper Layers*
   https://www.tutorialspoint.com/computer_networks/transport_layer.htm

These resources will help you understand key concepts in **Computer Networks**, including protocols, networking devices, OSI/TCP models, and data transmission techniques.
